Both Games of Double Header End in Decisive Victories for Winners.

New York, July 18. — Cleveland divided a double header with the Yankees here today. The visitors won the first game easily by a score of 5 to 2, but were turned back by Pennock in the second. New York winning this contest by 7 to 2. (1st game) R. H. E. Cleveland, 5 to 2. N. Y., 2 to 5. Batteries — Smith and Myatt; Bush, Mammox, Pippenger and Hermann. (2nd game) Cleveland, 7 to 2. N. Y., 2 to 7. Batteries — White and L. Sewell; Pennock and Schang.

### DETROIT DEFEATS BOSTON.

Maunsh's Seven Game for Tigers in Ninth and Starts Rally in 11th.

Boston, July 18. — Detroit won from Boston in 11 innings today, 4 to 3. Maunsh made a remarkable leaping catch of Klatsch's drive which was headed for an opening into the left field score board in the ninth. It was Maunsh's infield single off Fullerton in the 11th, followed by Cobb's sacrifice and Blue's single through the box, that scored what proved to be the winning run. Detroit, 4 to 3. B. 3 to 4. Batteries — Wells, Holloway and Paster; Fullerton and Pichnick.

### ATHLETICS BEAT CHICAGO.

Although Wild, Baumgartner Effective with Men on Bases—Allows Six Hits.

Philadelphia, July 18. — Although wild, Baumgartner was effective with men on bases today, and Philadelphia defeated Chicago 4 to 3. Most of the two base muffs of Perkins' fly in the second inning paved the way for the winning runs. Baumgartner allowed but six safeties. Chicago, 3 to 4. Athletics, 4 to 3. Batteries — Mangum and Grabowski; Baumgartner and Perkins.

### WASHINGTON DROPS GAME.

Defeat by Browns Puts Senators in The With Detroit for Second Place.

Washington, July 18. — Defeated, 6 to 5, by St. Louis today, Washington was reduced to a second place tie with Detroit, winner over Boston. The Browns won in the ninth after Marberry relieved Ogden, who left two runners on bases with one out. Slater fouled to Taylor, but the bases were filled when Peckinpah fumbled McGowan's roller. Jacobson then drove in three runs with a triple to center. St. Louis, 6 to 5. W. 5 to 6. Batteries — Winard, Shocker, Danforth and Severid; Ogden, Marberry and Peckinpah.

### DIAMOND CHIPS

Keep your eye off the error column and it looks like a pretty decent game.

The Red Sox are a combination Tannerville-Podhoretz team, playing part of the week in Tannerville and the rest of the time in Poughkeepsie.

Fitch couldn't get his mind and his arm working together.

The ball string sent after the base stealers had a habit of getting off at the station beyond and by the time it got on the right track again the fugitive would be in another state.

Neither of the Smith brothers was at the game. Trade was getting his moustache trimmed, while Mark was having a permanent wave put in his whiskers.

Fitch is hitting the pill at a great rate lately.

How do you like this selection of an All-Star team picked from the men who have represented Oneonta during the past four years: Pitchers, Carr, McAllister, Scanton and Davis; catchers, Scanton, and Davis; infielders, second base, Fitch; short stop, Steffen; third base, Harner; left field, Baird; center field, Eckstein; right field, Ferrey; managers, Thomas and Bridwell; substitute infielders, Hermann and Farrell, substitute outfielder, Hatch.

To which we might add: Grounds-keeper and peanut vendor, Brown; umpire, the fans in the grandstand. Hermann had a better arm than Harner and could hit just as hard; it not harder his position quite as effectively. Fitch was a wild beast when right but was inclined to be erratic. Hatch was a fine outfielder but not so good, we believe, as the three mentioned.

### Chocolate in Europe

Chocolate made its appearance in Europe just four hundred years ago. The Spaniards were the first to make the acquaintance of this nourishing food in Mexico. For a long time it was disdained in France; but Anne of Austria formed the habit of taking her cup of chocolate every morning; the court imitated the queen; the city imitated the court and the chocolate-drinking habit quickly spread.

### But if It's Not Wife's

One should not grow nervous upon finding a hair on the new coat collar. Normally, in the hairdresser's parlor, a hair grows old, is cut and a new hair takes its place.—Bugs Stearns to Myra.

### Old Idea Wrong

Whoever said a woman cannot drive a nail is wrong; nearly 200 women carpenters, as shown by the latest United States census, give the lie to that myth.

### Attire Counts

Any man may be in good spirits and good temper when he's well dressed. There isn't much credit in that.—Charles Dickens.

### Grief Ahead

When science has made all the way on a rushing beautiful one will dare a beauty man's smile?—Chicago News.

## POUGHKEEPSIE WINS

Scanton Pitching Good Ball But His Support to Poor and Giants Lose a 2 to 1 Decision.

Taking full advantage of Oneonta's misplays, half of them contributed by Scanton, who lost his throwing arm somewhere enroute, the Poughkeepsie Red Sox, a team composed of the cream of the Poughkeepsie and Tannersville nines, noosed out the giants, 4 to 2, at Poughkeepsie yesterday in a game marked by frequent juggling of the ball. Scanton held the sluggers from Southtown to eight hits and would have won the game but for the wretched support accorded him.

Poughkeepsie drew first blood in the second inning, scoring two runs on Herbert's double to left and Scanton's home run over the left field fence. Two more were added in the seventh. Scanton walked and stole second, going to third on Scanton's bad throw to catch him. He scored when Wilcox dropped McCarthy's fly. McCarthy also stole second and again Scanton's throw was bad, the ball going to center field and McCarthy taking third, whence he scored on Carlson's single.

The giants got all of their three runs in the eighth. Wilcox reached first on Harner's error and took second on Harner's out, short to first. Eckstein scored Wilcox with a single into deep center. Wilson was safe on Scanton's error. Eckstein advancing to second. Both men scored on Faye's double to left.

The fielding feature on the game, which was witnessed by a good sized crowd, was Duran's circus catch of a drive off Scanton's bat that looked like a triple. One third of the famous Duran family started with the crack of the bat and, back to the stands, appeared the pill after a long run.

## BAD WEST SHORE WRECK

Seventeen Cars of West Shore Railroad Involved Near Allen and Fires Burn Gasoline and Coal.

Stanford, July 18. — There was a bad wreck on the West Shore railroad at Allen Wednesday morning when a freight train jumped the track and derailed 17 cars. One of the cars in the middle of the train was a gasoline tank car containing fifteen gallons of gasoline which was punctured when the car turned over. The gasoline caught fire and the freight car was burned.

Some cars remained afloat from the wreck and a car containing 12 tons of live hogs was saved. The hogs were killed and the car was burned. Both north and south bound trains were held up. The cars were loaded with coal and the coal which had been dumped along the track was also burned.

The Civil War Department was

called to subside the flames. It was one of the worst accidents the West Shore has experienced in years.

## LOCAL MENTION

The Oneonta baseball team will play at Kingston today and Sunday.  
The annual clam bake of Oneonta lodge of Elks will be held at Pine lake on August 28.  
The fire department was called to 154 Chestnut street at about 8 o'clock yesterday morning to extinguish a smoldering blaze in a shed at the rear of the house. The fire had been extinguished, however, almost as soon as the alarm was sent in.  
Three junior and four senior teams are now entered in the Twilight baseball league. Two more senior and one more junior team are wanted. Teams wishing to participate should notify A. E. Haseguchi as soon as possible. There has been some talk of organizing business and professional men's teams but nothing definite has been done.

## FOLLOW THE ARROWS

Directions Given to Show Way to D. & H. Arena for Big Musical Summer and Athletic Shows Tonight.

Yesterday arrows were put up to mark the way to the D. & H. arena in this city where this evening at 8 o'clock will be held the big musical summer and athletic carnival which is to be staged under the auspices of the D. & H. Athletic association. The boxing exhibition is receiving a full share of interest not only in this vicinity but even in Binghamton and Albany, and a large crowd is expected for the event. However, the arena, which has been newly renovated, has accommodations for fully 1500 and there will be plenty of room for all.

Tickets have been distributed during the past few weeks to a large number by members of the committee and by other employees of the company, but the public is cordially invited and may secure reservations at the door. Subscriptions of \$1 for the association are being made by practically all those who have accepted tickets.

The routes as marked out to the arena lead from the upper end of the viaduct along Fairview street, from the end of West street on Chestnut, and from the corner of Bond and Chestnut streets. This latter route leads to a large parking space for automobiles in close proximity to the arena, in the old round-house.

Among the delegations to attend the event is one from Endicott, to support the many sons of that city who are to appear. They will leave the American Legion club house there at 2 o'clock this afternoon and arrive here for supper.

Since the Oneonta men are not unknown to local followers of the sport, the following comments of the Binghamton Morning Sun on the card, where many of the other boxers have been often seen, will prove interesting.

"Oneonta will also see three of the amateur champions crowned in the recent tourney at Endicott. Billy Gray, who not only copied the title in his division in the shoot-out, but who did some great battling in the Olympic tryouts, will meet Larry Powers of Oneonta. Moe Harris is slated to mix punches with Louis Hodges of Oneonta, and Billy Burke, the other Southern Tier amateur titleholder, will swap blows with Battling Heyland.

"Young Battling Johnson, formerly of Endicott but at present of Utica, will meet Tom Connors of Oneonta, while Young Moss of Binghamton clashes with Young Heck of Oneonta. Kid Crook and Young Firpo, Young Gans of Endicott and Tony Musa of Binghamton and the 'Hodge Kids' in an exhibition complete the program."

The Oneonta entries are practically all railroad men who have been sharpening their boxing wits in the D. & H. gym and feel ready to start on Jack Dempsey's trail. The evening promises to be a snappy one from start to finish.

The main event of the evening will be the heavyweight bout, between Paddy Ryan of this city and Shorty Rowland of Syracuse, a battler of wide renown.

## BIG LEAGUERS COMING.

Philadelphia Americans to Play Oneonta Giants July 25.

Connie Mack, one of the most famous pilots in organized baseball, will bring his Philadelphia American league club to Oneonta on July 25. Friday next, and considerable interest has already been aroused in this feature game to be here in person and to play his regular lineup.

The Athletic association is planning to make July 25 a gala baseball day in the city and has arranged for a luncheon at noon at the Elks club to give local fans an opportunity to meet the visitors. Tickets for the luncheon at \$1 each will be on sale today at the same places as are the tickets for the game.

You had better get your reserved seat ticket early for there will doubtless be a record breaking crowd at the game.

Yesterday afternoon, while Thomas H. Dickson was picking cherries from the top of a 15-foot tree at his home, 165 Elm street, the tree, which had stood bravely for many years, suddenly weakened, breaking off close to the roots. ## CHAUTAUQUA OPENS TODAY

National Male Quartet, Heard Freely in Oneonta, Opening Day Features "World Building" by Dr. Pearson Tonight.

The Redpath Chautauqua opens its annual sessions in Oneonta this afternoon and evening and for the first day an excellent program is given. The quartet provided. This afternoon at 2:30 o'clock following a prelude by the National Male quartet, which has previously pleased Oneonta Chautauqua audiences, Dr. Frank B. Pearson will deliver a lecture "World Building."

As usual prominent will feature the seasons of the Chautauqua this year and it is urged by Superintendent Baker that people make a special effort to be in their seats before the time scheduled for the sessions.

This evening at 8 o'clock a full concert program will be given by the National male quartet and the many who heard this company on its previous appearance in the city will be augmented by another large body of music lovers of this vicinity.

The lecture of the afternoon is one that will undoubtedly appeal to a large number. Many of the finest lectures are scheduled for the week, and to the end that all may early come to appreciate their value, Dr. Pearson was chosen to open. He treats the subject of "World Building" from the standpoint of the enlargement of the individual world of each human being, rather than political or economic extension. He was formerly Commissioner of Education for the State of Ohio and is now editor of the Ohio Educational Monthly. His message is one of practical value to each auditor and one which will long be cherished.

## Miscellaneous Chautauqua Notes.

For the benefit of those who are not familiar with the facilities of Water park where the Chautauqua is this year placed it may be stated that the entrance to the tent is near the flag pole on the bluff, the pavilion level, with access from Spruce street, Walling avenue, Center street, and Walling boulevard.

There is ample room for the parking of automobiles near the tent without the congestion which has previously been experienced.

Reserved seats for the season may be secured this morning from 10 o'clock until noon at the Chamber of Commerce rooms, and later at the tent.

Children's sessions will be held each morning at 9:30 o'clock under the direction of Miss Pearl Coleman, junior supervisor. Children should meet until further notice at the Chautauqua tent. A special athletic program has been arranged in this department for this year and the children may receive great benefit from regular attendance at the sessions.

Miss Mary Price, cashier and assistant in Art Craft, has arrived in the city.

Mrs. Winifred Cook, who has visited the city on several occasions regarding the advance sale of tickets, was present at the endorser's meeting last evening but will leave early this morning for Owego.

Mr. Haynes, the advance agent, who has spent most of the past week here, also will leave this morning for "new fields to conquer."

## What is Good for the Goose

Is good for the gander. Stop whining and find out how rich people put their money in to tax exempt four per cent bonds, in order to avoid the income tax, while common people can safely place monthly amounts with me at six per cent compound interest, which is seven and one-half per cent, simple interest, when left for a term of years and is exempt from income tax, up to \$200 of gains with me each year. But the best part is, that my plan helps others, by furnishing money to get homes and farms, on easy terms and so that rent money pays for them. If you won't think how this is a better chance than rich people are using, for Heaven's sake stop whining about not having a fair chance and square deal, for I give both. Good Day! I'm the safe sane sane Oneonta Building and Loan association. advt 11

"Say Bill: Did you see the new car the Cleveland people are showing at 331 Main street?" "Not yet but you bet I will before anyone sells me a new car. I for one am getting tired of crawling under my car hunting for grease cups that can only be located with a blueprint, or else paying somebody to fill them only to find, after some expensive part has been damaged, that they were never filled at all. If that were the only special feature the car had I'd buy it for that alone, but on top of that they have a new motor that is the smoothest thing going, they tell me. And Francis, the man who has sold more high-grade motor cars than any other man in this part of New York state, says it is the most wonderful car he has ever seen, and I hope to tell you about it soon."

## YOU LOVE THE OLD SONGS

BUT CAN YOU ALWAYS FIND THE ONE WHICH LINGERS IN MEMORY?

With Seven Books in One. The Star offers at Low Price a Complete Collection of What's Best in the Music of the World.

The attention of readers of The Star is called this morning to the exceptional opportunity which is offered to music lovers. Everybody loves the old songs, they are the melodies which, because from generation to generation they have kept their place in the memory, may well be called immortal. Yet, much as they are loved, and much as one often desires to find words and music, it is often impossible to do, so widely are they scattered in the numerous volumes of the music of the world. It is unfortunate, of course, but until the present it has been a hard matter to find without long searching just the song you want.

Under the direction of competent musicians and critics a new anthology of the best songs of the ages has been prepared and is now offered at an astonishing low price to the readers of The Star. Substantially bound in red cloth, with gilt side and back, with portraits of many of the great artists of the day, and entitled "The Old Songs We Love So Well," the book contains hundreds of familiar songs, words and music, printed on fine quality paper. Patriotic, national, college, operatic, love, humorous and sacred songs are embraced in its pages, making seven long books in one, and each of them representative of what is best in the list of songs that we love.

By referring to a coupon elsewhere printed in this issue, it will be seen that the book, by special arrangement with the publishers, can now be had by readers of The Star at the nominal price of 25 cents—practically three songs for a cent. Come to the office bringing the coupon, pay 25 cents and the book, which is destined to be a perennial delight to every lover of music, is yours. Or if you are unable to come to the office, clip and mail the coupon with the price and 10 cents additional—\$1.05 in all—and the book will be sent you postpaid on receipt of your remittance.

Again we are asking you—do you love the old songs? If you do, and who is there who does not? here is an exceptional chance. It is a wonderful opportunity for the lover of music to get so much for so little, and every song a treasure!

## GOODYEAR LAKE FIELD DAY

Plans Already Under Way for Biggest Event of Its Kind Ever Held in This Vicinity.

There are no sweeter words of tongue or pen than "Goodyear Lake Field Day will be held again." If you don't believe it ask anybody who has ever attended one, and that means about everybody in Oneonta and for miles around.

All of which is introductory to the statement that the Goodyear Lake association met recently and decided to hold a field day this year which will make all previous efforts seem weak and futile. The committee on arrangements will meet Monday night at 8 o'clock to discuss definite plans which will be made.

It is probable that the general scheme of the field day will be much the same as in former years; that is, there will be water sports of all kinds and a ball game in the afternoon and the evening fireworks and a big display of illuminated floats. Everything will be "bigger and better" than ever before, members of the committee assert. There will be many special stunts and features.

Everything will be free and a crowd far larger even than the big assemblages of the past is expected to be present. The date for the big event will be announced in the near future.

These sloops are shown turning the first beacon on the 12-mile racing course in the annual regatta of the Oneonta Yacht Club recently. The cabin sloop class proved one of the features of the regatta. The regatta lasted two days, was made up of 23 different races, and was the largest ever held in the south.

## GET CHAUTAUQUA TICKETS

With Guarantors Supply of Reduced Price Tickets Nearly Exhausted, Rush Is Expected This Forenoon.

This morning an intensive drive on the part of Chautauqua guarantors is being made to secure the selling of the 750 season tickets which are each year allotted to Oneonta at a price of \$2.25. Those who have declared the purchase of tickets are urged to secure them early this morning as the price is automatically raised to \$3.00 as soon as the guarantors' supply is exhausted.

At a meeting of the guarantors held last evening at the Chamber of Commerce offices, it was found that a larger number of tickets had been sold than had been estimated and apparently there is no question about the importance of securing season tickets this morning.

As doubtless all know, the price of the tickets being offered by the guarantors, \$2.25, is much less than the cost of separate entertainments, and if only two evening and two afternoon lectures are attended, there is a saving in the first mentioned ticket.

So secure season tickets early this morning. As soon as the 750 guarantors' tickets are sold, or at noon at least, the price advances to \$3.00 and it is quite probable that many will be disappointed.

The \$2.25 tickets may be secured, as long as they last, from guarantors at the Wilber bank, the Citizens' Bank & Trust company, at Huntington library, at the following stores: L. E. Wilder and company, Ingersham's Cigar store, Goldwaite's, Carr Clothing company, R. E. Brigham, W. H. Hoffman, Winans, and at The Star office.

## Sells Fine Guernsey Bull.

The Cathedral Farm shipped yesterday morning to F. C. Anderson, Madison Farms, Evans Mills, a young pure bred Guernsey bull, Africander's Royal Prince, No. 88,940. The price, \$1,500, was very low considering the fine breeding and individuality of the animal.

Mr. Anderson purchased the bull without seeing him. Several times M. H. Buckley, owner of Cathedral Farm, has sold high-priced animals without showing them, proof of this confidence breeders place in his statements.

## Memorial.

In loving memory of our dear nephew, Wallace A. Harris, whom God gently called home July 19th, 1921.

How fresh in our thoughts still, is the memory of him who stood bravely in line when his number was called.

When the summons came he was not appalled.

But meekly responded to the voice that called softly and low.

Which gave him no choice if he wished to say no.

Though he'd lingered awhile midst the pleasures down here.

With a brave sunny smile he went without fear.

Where another career with others he shares.

Leaving earth's friends down here for the ones over there.

TEHYI HSIEH

Tehyi Hsieh, the Chinese patriot and orator, has been hailed by press and public of the United States as "the Teddy Roosevelt of China." It has been said of him that he is the "national interpreter of Chinese aspirations, philosophy and hopes."

Dr. Tehyi Hsieh is a brilliant orator, a master of the English language, and a student of world affairs. In the hour and a quarter of his lecture on "Awakened China" he will tell his listeners more about the present-day Orient than they could have gleaned from months of reading and study.

Wu Ting Fang has said of this brilliant young Chinese, "If he continues his good work, he will some day be numbered among the immortal workers for the rejuvenation of China." Any man with a calling of this high order would respond with everything he had of intellect, force, money and will. Tehyi Hsieh responded to the call of his country with all these and more—with a fiery eloquence which will not be refused. He has been a real sensation in the scores of cities in which he has appeared and over other Redpath Chautauqua circuits. He will appear on the third night.
